

1. Newcastle

University of Newcastle
Cricos Code: 00109J

SEMESTER/YEAR ABROAD

Spring (Feb-June)
Apply by Nov 15 of Previous Year

Fall (Jul- Nov)
Apply by April 15

Located on Australia's sunny coast, just 2 hours from Sydney, the University of Newcastle offers a beach-town experience with a world-class engineering department. The University of Newcastle's Faculty of Engineering and Built Environment is innovative, ambitious and competitive. Not only is it one of the leading faculties of its kind in Australia, the Faculty also claims resourceful and creative future leaders in industry, the profession, and the community.

2. Melbourne

University of Melbourne
Cricos Code: 00116K

SEMESTER/YEAR ABROAD

Spring (Feb-June)
Apply by Nov 15 of Previous Year

Fall (Jul- Nov)
Apply by April 15

Located just a three-minute walk from the heart of Melbourne's city center is the Melbourne School of Engineering, the top ranked engineering school in Australia. University of Melbourne models their engineering education to provide depth, breadth and flexibility to a world-class curriculum that is informed by real world, problem-based learning, and industry experience. Students have access to academics who are working on cutting-edge interdisciplinary research in partnership with governments and industry to address some of society's critical problems.

3. Sydney

University of New South Wales (UNSW)
Cricos Code: 00098G

SEMESTER/YEAR ABROAD

Spring (Feb-June)
Apply by Nov 15 of Previous Year

Fall (Jul- Nov)
Apply by April 15

Located in a beachside suburb of Sydney, just minutes from downtown, the University of New South Wales is Australia's top ranked Engineering program according to Academic Ranking of World Universities (ARWU). UNSW's globally recognized and multidisciplinary research, which focuses on innovation and discovery, offers the widest range of engineering degrees and courses in the country. UNSW engineering graduates lead Australia in technology start-ups, produce more alumni millionaires than any other university, and have the most world titles in Robotics competitions.

4. Perth

Murdoch University
Cricos Code: 00125J

SEMESTER/YEAR ABROAD

Spring (Feb-June)
Apply by Nov 15 of Previous Year

Fall (Jul- Nov)
Apply by April 15

Situated just 10 minutes from both Perth's center city and the coast community of Fremantle, Murdoch University's School of Engineering and Information Technology features world-class facilities and a highly qualified faculty, focused on providing students with a real world experience. Murdoch Engineering students can focus on stream of study tailored especially for an area of expertise, allowing for students to develop into innovate problem-solvers, exploring critical issues faced by the modern world.

5. Brisbane

Queensland University of Technology (QUT)
Cricos Code: 00213J

SEMESTER/YEAR ABROAD

Spring (Feb-June)
Apply by Nov 15 of Previous Year

Fall (Jul- Nov)
Apply by April 15

At QUT, engineering students study in the new, \$230 million Science and Engineering Centre and Community Hub which integrates science, technology, engineering and mathematics disciplines in a world leading model. QUT prides itself on being a university where students gain practical skills with internationally recognized, award-winning faculty. Campus enjoys a central location bordering both downtown Brisbane and the botanic gardens – just a 10 minute walk from ISA accommodation.

ISA Internships

ISA Australia Internships:
ISA offers full-time, unpaid internship opportunities for engineering students in Australia and New Zealand. With four pre-set intakes each year as well as custom dates, our 8-week full time internship placements are customized to fit each student's professional goals. Beyond the high-quality placement, ISA also delivers a multi-day Bridging Cultures Program and a renowned Professional Development Toolbox to truly enhance the learning experience. Housing is included in the program fees. Additionally, academic credit from Carroll College is available for all pre-set date programs.

Programs to Consider

Semester/Year in Australia

- **University of Sydney**
Sydney, Australia
- **James Cook University**
Townsville, Australia

Further information regarding these programs, as well as additional programming options, can be found on studiesabroad.com

1. Auckland

AUT University

SEMESTER/YEAR ABROAD

Spring (Feb-June)

Apply by November 1 of previous year

Fall (July-Nov)

Apply by Apr 1

AUT University is New Zealand's second largest and fastest-growing university, and located in the heart of Auckland. Recently named to Times Higher Education's top 12 Worlds Most International Universities list, AUT's engineering program and courses are innovative and contemporary, providing the opportunity to not only preview cutting edge technology – but also to create it. AUT offers students the opportunity to acquire the skills to operate and succeed in a range of engineering industries around the globe. IPENZ (Institute of Professional Engineers NZ) and Washington Accord accredited.

2. Christchurch

University of Canterbury

SEMESTER/YEAR ABROAD

Spring (Feb-June)

Apply by Nov 1 of previous year

Fall (July-Nov)

Apply by Apr 1

The University of Canterbury offers an extensive range of engineering courses, including civil and natural resources engineering, computer science and software engineering, and forest engineering, with several engineering programs ranked in the top 200 in the world. One of the engineering school's departments focuses on global humanitarian engineering and the use of engineering as a tool for improving quality of life around the world. Engineering students can participate in a number of courses that offer hands-on opportunities.

ISA Internships

ISA New Zealand Internships:

ISA offers full-time, unpaid internship opportunities for engineering students in Australia and New Zealand. With four pre-set intakes each year as well as custom dates, our 8-week full time internship placements are customized to fit each student's professional goals. Beyond the high-quality placement, ISA also delivers a multi-day Bridging Cultures Program and a renowned Professional Development Toolbox to truly enhance the learning experience. Housing is included in the program fees. Additionally, academic credit from Carroll College is available for all pre-set date programs.

ISA Service Learning

ISA Service-Learning, Wellington:

ISA Service-Learning merges the concept of civic responsibility and community-based learning by connecting students and recent graduates with service opportunities abroad. By partnering students with community-based organizations and following a structured, reflection-based curriculum, participants develop intercultural and leadership skills in a real-world context while learning how local experts are addressing issues with the available resources.

Programs to Consider

Semester/Year in New Zealand & Fiji

- **University of Auckland**
Auckland, New Zealand
- **University of the South Pacific**
Suva, Fiji
- **Massey University, Palmerston North**
Palmerston North, New Zealand
