

## 1. Townsville

### James Cook University

Cricos Code: 00117J

#### SEMESTER/YEAR ABROAD

##### Spring (Feb-June)

Apply by Nov 15 of Previous Year

##### Fall (Jul- Nov)

Apply by April 15

Located in North Queensland at the gateway to the Great Barrier Reef, James Cook University is world renowned for its research and instruction focused on the tropics. The unique location of campus, situated within diverse ecosystems, presents unparalleled opportunity for students to apply their learning within the diverse physical environment through exciting, hands-on field components.

## 2. Brisbane

### University of Queensland

Cricos Code: 00025B

#### SEMESTER/YEAR ABROAD

##### Spring (Feb-June)

Apply by Nov 15 of Previous Year

##### Fall (Jul- Nov)

Apply by April 15

As one of Australia's eight elite universities, the University of Queensland is home to the largest marine research facilities and most marine science faculty in the state of Queensland. With the Moreton Bay and Heron Island Research Stations nearby in the southern Great Barrier Reef, students have the unique opportunity to expand their studies with course trips to these locations. UQ's beautiful 250 acre campus is located in St. Lucia, a riverfront suburb just 20 minutes from the city center.

## ISA Internships

### ISA Australia Internships:

ISA offers full-time, unpaid internship opportunities for marine biology students in Australia and New Zealand. With four pre-set intakes each year as well as custom dates, our 8-week full time internship placements are customized to fit each student's professional goals. Beyond the high-quality placement, ISA also delivers a multi-day Bridging Cultures Program and a renowned Professional Development Toolbox to truly enhance the learning experience. Housing is included in the program fees. Additionally, academic credit from Carroll College is available for all pre-set date programs.

## Programs to Consider

### Semester/Year in Australia

- Macquarie University  
Sydney, Australia

Further information regarding these programs, as well as additional programming options, can be found on [studiesabroad.com](http://studiesabroad.com)

## 1. Christchurch

### University of Canterbury

#### SEMESTER/YEAR ABROAD

##### Spring (Feb-June)

Apply by Nov 1 of previous year

##### Fall (July-Nov)

Apply by Apr 1

The University of Canterbury is located on the coast of New Zealand's South Island, making it the ideal spot for hands-on study of marine biology in a unique, diverse environment. Students also have the opportunity to take advantage of the university's five field stations across the South Island. The biological sciences department offers a wide range of topics, with courses taught by top researchers and innovators in the field.

## 2. Suva

### University of the South Pacific

#### SEMESTER/YEAR ABROAD

##### Spring (Feb-June)

Apply by Oct 15 of previous year

##### Fall (July-Nov)

Apply by Apr 1

Few locations offer the unique opportunities for hands-on marine study that can be found in Suva, Fiji, at the University of the South Pacific. Course topics in the School of Marine Sciences range from managing marine resources to coral reef ecology to sustainable fisheries. Through the university, students can volunteer on research projects in the region and receive field experience while enjoying the beauty and culture of this gorgeous Pacific island.

## ISA Internships

### ISA New Zealand Internships:

ISA offers full-time, unpaid internship opportunities for marine biology students in Australia and New Zealand. With four pre-set intakes each year as well as custom dates, our 8-week full time internship placements are customized to fit each student's professional goals. Beyond the high-quality placement, ISA also delivers a multi-day Bridging Cultures Program and a renowned Professional Development Toolbox to truly enhance the learning experience. Housing is included in the program fees. Additionally, academic credit from Carroll College is available for all pre-set date programs.

## ISA Service Learning

### ISA Service-Learning, Wellington:

ISA Service-Learning merges the concept of civic responsibility and community-based learning by connecting students and recent graduates with service opportunities abroad. By partnering students with community-based organizations and following a structured, reflection-based curriculum, participants develop intercultural and leadership skills in a real-world context while learning how local experts are addressing issues with the available resources.

## Programs to Consider

### Semester/Year in New Zealand

- **AUT University**  
Auckland, New Zealand
- **Agriculture and Environment Expedition & Internship**  
New Zealand Summer Program
- **University of Otago**  
Dunedin, New Zealand
